

# B.B. HUDSPETH

ENTERTAINER AND CAREER DAY FAVORITE

B.B. Hudspeth has many talents, not least among them inspiring children to dream big and work hard to make their dreams come true.

B.B. has had a fascinating career as an entertainer — voice impressionist, movie producer, video game voice actor, museum exhibitor, creator of Old West legend, Scrappy Higgins (inspirational speaker), corporate trainer, and more. All of these experiences make for a truly captivating presentation.

B.B. shares how, at age 13, he discovered his talent of mimicking voices one morning while on his way to school. Praise from his father inspired B.B., and large audiences quickly followed. Through hard work and focus, he has carved out a unique and fascinating career in the arts — a journey that has taken him places he never expected.

Since B.B. is living proof that passions can be discovered at an early age, he inspires today's youth to use their curiosities and interests to discover their talents and fulfill their future dreams. The presentation begins with a video showcasing his varied works and accomplishments in the movie and entertainment industry, followed by a live performance of his impressions from cartoons and TV personalities. He then interacts and engages with the students through questions and answers. B.B.'s

presentation is primarily geared for the fourth and fifth grade audience. He shares the key ingredients of creativity, hard work, and determination to lead them to fulfilling their hopes and dreams. Students will not only be inspired but will also leave with something tangible as a keepsake from B.B. and a souvenir from their time together.

Make your classroom smile! Book B.B., and you will be rewarded with the excitement, laughter, and unbridled joy of your students. You may even see them working harder in class! 😊

"I have had the pleasure of having B.B. Hudspeth come and speak and entertain on multiple occasions. He is one of the most talented entertainers and speakers I have ever seen or used. His various speaking styles and entertainment were perfect for our students. I highly recommend him for ANY type of social function!"

Teacher/Head Coach

Maryville Junior High School

"B.B. Hudspeth is one of the best speakers we have ever had at Career Fair! We enjoyed his presentation so much that we asked him to stay and speak to the second group of kids. His message, entertainment, and the way he included the students in his presentation was so awesome. All of the kids were totally engaged, amazed, and loved it! We plan to invite B.B. back for a full day and to speak to all of the classes, because what he does is so cool."
